HOROSCOPES
For This Week

ARIES - Mar 21/Apr 20

Aries, it is time to take charge. Do not allow obstacles to get in the way of your grand goals. Don't hold back at all, and attack every project with full force.

TAURUS - Apr 21/May 21

Taurus, concentrate on what you already have instead of trying to attain more. When you analyze the things around you, you'll discover you already have what you need.

GEMINI - May 22/June 21

The more you let your emotions show this week, the more prosperous you can become, Gemini. Try new things, even if they scare you a little.

CANCER - June 22/July 22

Cancer, if it seems as though people aren't taking you as seriously as you'd like, you may have to adjust your tactics a little bit. Perhaps the delivery is just wrong.

LEO - July 23/Aug 23

Do not turn down any opportunities that come your way, Leo. Even if they seem like they may not amount to anything, they can get you the kind of exposure that you need right now.

VIRGO - Aug 24/Sept 22

Virgo, put your plans in motion and get as many helping hands as you can muster while you're at it. This will only make the work go that much more quickly.

LIBRA - Sept 23/Oct 23

Always aim for the gold, Libra. You are in a position right now where you do not have to settle for anything less than the best. Use every tool at your disposal to get what you desire.

SCORPIO - Oct 24/Nov 22

Scorpio, take a decisive stance on a problem that has been lingering and be confident about the choices you make; otherwise, things will just stall out indefinitely.

SAGITTARIUS - Nov 23/Dec 21

Arguments can turn into bigger battles if someone doesn't concede their position, Sagittarius. Communication is a key thing for you right now.

CAPRICORN - Dec 22/Jan 20

Everything in your life seems to be going in different directions, Capricorn. Seek Pisces' help as you figure out a way to get everything pointed in the same direction.

AQUARIUS - Jan 21/Feb 18

An idea can grow into something much bigger if you just give it a chance, Aquarius. With a little nurturing, you may see your idea grow into something much bigger.

PISCES - Feb 19/Mar 20

Take a step back from a problem that has been tough to solve, Pisces. There's nothing you can do right now, so a break makes sense.
